DEFINITIONS

RETURN TO SPORT PLAN	Return to Sport refers to the process of developing and implementing guidelines for sport organizations to operate safely in BC during this pandemic. Return to Sport Plans will be unique to each sport and must follow Provincial Health Office orders and recommendations. One set of guidelines will be created for each sport by the Provincial Sport Organization, and all club and PSO sanctioned activities should follow this set of guidelines.
VIASPORT	viaSport is a not-for-profit organization created with the support of the Provincial Government in 2011 to lead the province's sport sector. At the request of the Province of B.C., viaSport has led the creation of a set of guidelines on how to resume sport while operating safely during this pandemic.
PHYSICAL DISTANCING	According to the Provincial Health Officer, physical distancing requires keeping two (2) metres (or at least two arms lengths) of space between individuals. It also includes staying at home when you're sick, even if symptoms are mild.
PSO	Provincial Sport Organizations (PSO'S) are not-for profit organizations that are recognized by their National Sport Organization as the governing body for their sport in the province.
NSO	National Sport Organizations (NSO'S) are the national governing bodies for their sport in Canada.
PHO	The Provincial Health Officer (PHO) is the senior public health official for B.C., and is responsible for monitoring and reporting on the health of the population of B.C. This office works with the B.C. Centre for Disease Control and provides independent advice to the ministers and public officials on public health issues. The current PHO is Dr. Bonnie Henry.
