

**POLICY #7600
RECRUITMENT AND SELECTION OF
SCHOOL DISTRICT ADMINISTRATIVE STAFF**

For the purposes of this policy, School District No. 36 (Surrey) administrative staff comprise those positions excluded from membership in a bargaining unit because of the managerial, supervisory or confidential nature of the positions; and includes such positions of a district wide supervisory nature which may fall within a bargaining unit but for which there are no other prescribed recruitment procedures.

The board recognizes the importance of the role of school district administrative staff, and is committed to ensuring that the best qualified persons are appointed to these positions. To this end, regulations are to ensure a thorough recruitment and selection process.
