

SCHOOL DISTRICT No. 36 (SURREY)

Out-of-Catchment Enrolment Application
(For students residing outside a school's catchment area)

- The Board of Trustees of this District has defined geographical boundaries for each school in the district delineating student enrolment catchment areas. Therefore, schools are constructed, staffed, operated and transportation determined on the assumption that students will attend the school in the designated catchment area for the student's normal residence.
- The Board recognizes that, in some circumstances, it may be appropriate for a student to attend a school outside the normal catchment area. The reason may be for program or school capacity requirements or at the request of parents/guardians.

1. General conditions of enrolment by students residing outside a school's catchment area.

- The school has sufficient staff, classroom capacity and an appropriate educational program to accommodate the students.
 - A school is **not** obligated to enrol the student named on this application
 - Nor does the out-of-catchment school have an obligation to find placement for the student named on this application
- The student is to be registered at the normal catchment area school until informed of acceptance at the out-of-catchment school.
- Parents/guardians present this application at the school where they wish to enrol the student with **Sections A & B** completed.
- The decision to accept out-of-catchment students is the prerogative of the school principal or her/her designate.
- Any required transportation to and from school will be the responsibility of the parents or guardians. The School Board will not provide such transportation.

2. Process for enrolment by students residing outside a school's catchment area.

- Step 1. The parent/guardian completes **Section A** of this form (one form for each student).
- Step 2. The parent/guardian presents this application form at the normal catchment area school for completion of **Section B**.
- Step 3. The parent/guardian presents this application form – with **Section A & B** completed – at the desired school.
- Step 4. The school principal or his/her designate makes a determination on placement in school and completes **Section C**.
 - Registration at the normal catchment school should be maintained until a student is accepted at an out-of-catchment school.

A. To be completed by parent/guardians. *(Print on the applicable lines.)*

I/we the parents/guardians, residing at _____
(Street Address) (City) (Postal Code)
