Call to Order – 700pm

In attendance – See sign in sheet

Approval of February minutes – Erin & Corey

Principal's Report

-Mr. Johnston arrived mid February, only a few weeks before the Covid lockdown. His goal is to get to know all the students. He is happy with Clayton and how friendly and welcoming everyone has been.

-Students have been complying with all Health and Safety measures and accepting the Covid rules.

-All student cohorts last 9 weeks and then switch except for the Grade 8's. They are with their cohorts the entire year. This helps by reducing the learning curve for them.

-Teachers are looking at some gaps in learning with the smaller groups, they want to somehow increase face-to-face learning.

-The Grade 8's have been incredibly positive and are making the best of the new normal.

-The Grade 12's are happy to be back in class and with friends but are sad about most likely not having a traditional style grad this year.

-The Grade 12's have shown great leadership so far, helping the Grade 8's and following Covid guidelines etc.

-No large staff meetings are being held, they are having them through Teams online.

-Mr. Johnston is making classroom visits, speaking to students and asking for their feedback on school topics etc.

-November 16th the second quarter starts.

-Tuesday November 10th is a Remembrance Ceremony on Teams, no school on Wednesday the 11th.

-We have no Covid outbreaks at our school yet.
