August 24, 2020

Dear Parents/Guardians;

We hope you had a healthy and safe summer while still finding time to relax and enjoy time with your family. Although our school start up will be different from years past, we are so excited to connect with the students and families in the coming weeks.

The provincial and district back to school plan is still in development. An important part of that development is gathering information from each of our families regarding their return to school plans. As such, the district developed a survey and asked us to send it out to our school community. We are requesting that you complete one survey for each child in your family. Some families would respond the same way for all children in the family, but for other families the needs of each child might be quite different, thus leading to different responses. Having separate surveys will allow us to gather individualized information about the preferences of all students in our school. We will summarize and share the information, questions and comments with the district to help inform further planning. You can access the survey by clicking the link below. We will also add the link to our school website for another access point. Please complete the survey as soon as possible and let your friends and neighbours know to look out for the link as well. We are hoping to get a response from all families by August 28, 2020.

As soon as we know more about what the return to school plan will look like, we will share that information with families. We look forward to connecting soon.
