April 27, 2021

Dear parents or guardians of the Graduating Class of 2021,

Congratulations, soon your child will be graduating from Enver Creek Secondary School! We are in the process of determining what Graduation will look like for our graduates this year. We have tentatively arranged 2 events to celebrate the successes of the Grad Class of 2021.

Graduation Virtual Celebration June 18th, 2021

We will be hosting a virtual celebration during class time on Friday June 18th from 9:30am-11:15am which includes:

- Principals address to the Graduating Class
- Grad Class toast to the staff of Enver Creek
- Enver Creek staff toast to the Graduating Class
- A video montage from the past 5 years
- Grad awards (grads have voted on these)
- Valedictorian Address to their peers
- Information session on the Commencement Ceremony
- Distribution of the Grad 'Swag' bag including Grad regalia for the Commencement Ceremony
- Distribution of yearbooks

Commencement Ceremony June 23rd, 2021 (scheduled times from 9:30am-5:30pm)

We are planning an outdoor event for this date at Enver Creek Secondary.

- Students will be crossing the carpet with their TAG class.
- A personal message will be read for each grad which will include any awards or scholarships they have won.
- Artona will be on site to take a professional photograph of each graduate and a digital copy will be emailed.
- We are waiting for information as to the number of guests per grad which may be allowed to attend.

While planning for these events we will be following the protocols in place advised by the Fraser Health Authority, the Provincial Health Authority and the Surrey School District. We want to celebrate this milestone with our graduates, while ensuring the safety of our students, school and community. We will advise you as we receive more information which will guide our planning.

Sincerely,

Alysha Tessier
Principal
