

## COMMUNITY INFORMATION FOR PARENTS – NOVEMBER 2013

The Business Development Department of the Surrey School District coordinates the distribution of community information to parents, schools and staff. These distributions historically have gone out hard copy to schools and are taken home to parents via students; however, as we work to become more environmentally friendly and efficient, many of these messages are now going out using email. Please visit our [ONLINE COMMUNITY BULLETIN BOARD](#) for frequent updates to community postings.

*SD 36 receives a fee to facilitate the distribution of advertising materials from some community organizations and businesses, and this fee goes to programs that support Inner-city students. SD 36 does not accept responsibility or liability for the contents of any advertising and does not endorse an advertiser's services, goods or programs.*
