PAC Feb 16, 2021

Principals Report:

A huge welcome to our parents and our students as they start the third Quarter. New courses have started for our students and we want you to please check in with your child and ask how they are doing. If you have concerns please reach out to us.

We are currently in the process of gathering information for our 2021-2022 course registrations. All students have been informed of their options for next year and registrations are to be completed by the end of this week. Please go online and take a look at the courses they have selected and if you have any questions contact our counselling team. We are currently calling students down throughout this week. Currently at 90% completed.

We had a Covid exposure #5 on Friday. Changes in the process allows for some clarity to the staff and families of FRSH. Classrooms are informed so parents know which child of there needs to self monitor.

Feb 26th is the last day to purchase a yearbook. Cost is \$55 and can be purchased through KEV (school online system)

Second Quarter report cards were placed on MyEd on Feb 10th and if you have not seen your child's report card on-line or if you are having problems please contact the office and we will help you.

Commencement is soon upon us... Please visit our website or download our school app to stay current with tentative plans. Will have specific detail coming in the next few weeks. Request a \$45 fee...includes a cap and gown, Professional photo, keep sake certificate holder, decorations.

Science academy held their parent/student info night where 74 interested families participated.

AP Exams schedule ...4 classes this year and the exams (like last year) we think will be written at home...more to come.

We have a few staff changes this Quarter. I am pleased to welcome Ms. Chan- Clerk, Mr. Karim – Teacher, Mrs. Mand- Teacher, Ms. Tang - Teacher (online), Mr. Wallace – Teacher, Ms. Wood-Teacher to the Fraser Height Secondary School community for the third quarter.

New guidelines for school protocols around Covid. As of right now all *secondary students* and *K-12 staff* now required to wear non-medical masks in all indoor areas, including when they are with their learning groups. The only exceptions are when: sitting or standing at their seat or workstation in a classroom or there is a barrier in place or they are eating or drinking.

What I have learned about Fraser Heights... diverse and compelling successful measures that defines our families and our school community...we understand and value of learning for all our students from the compass program to AP classes to Science academy. We have a great school that **teaches thought, not content**. Every single student and family feels welcome and understood on equal terms. We have professionals developing and designing to improve teachers so we can grow.

New Club! Post-Secondary Club:

The Post-Secondary Club will provide students with information and support regarding their post-secondary aspirations. The club will be run by students for students, but will also include teacher oversight.

Rather than centering around the post-secondary experience itself, the club will focus on what students can do while in secondary school to help them not only choose, but also successfully put into motion their preferred post-secondary path. During meetings, club members will deliver short presentations on topics of interest including: the different ways to pursue post-secondary education, explanation of the application process, tips for a successful application, where to find resources, and much more. Meeting attendees will have an opportunity to ask questions and be involved in determining topics of interest for subsequent sessions

The club will meet from 3:15pm to 4:15pm, every other Friday, starting Friday, February 26th. Meetings will be held virtually over TEAMS.
