

Friday, April 3 2020

Dear Matheson Families,

- Please be aware teachers and support workers are starting to call families to connect and gather some important information. The calls may show as Blocked Caller or Private Caller or No ID or something like that to protect teachers' privacy. Please accept these calls as we do want to connect with all of our families.
- Most teachers will start sending work out during the week of April 14-17. Students are not expected to start doing any course work until April 14th.
- We recognize that some students may need to gain access to the building to pick up critical supplies. We want to emphasize that students should stay at home. If a student requires a crucial piece of equipment or supply that they can only access at school, we will be offering more information next week on how to access the building safely.
- In this uncertain time and time of exceptional need, we recognize that some families may need some additional supports. We are offering meals program at Matheson each day from 9:00 a.m. - 1:00 p.m. Please contact the Surrey School District (604-495-9440 or CSPR-Office@surreyschools.ca) if you would like to access this program.
- We are also looking at offering our students some technology for those who are in need. Further information on this will be coming next week.

We continue to work with our community to support all of our families during these uncertain times. Please feel free to contact me by e-mail if we can assist you in any way.

Sincerely yours,

Peter Johnston
Principal
