

GET YOUR HANDS ON SCIENCE!

We would like to extend an invitation to all Surrey school district families to join us for Kwantlen Polytechnic University's (KPU) sixth annual **KPU Science Rendezvous (SR)** festival on **Saturday, May 12!** We open the doors to our Langley campus and invite the public in to experience a STEAM-inspired day full of activities! KPU Science Rendezvous has become the largest science celebration in the Fraser Valley with **more than 2,000 attendees** last year.

As part of [Science Odyssey](#) and [Science Rendezvous](#) nationally, KPU's Langley will transform into a spectacular science festival where the public will get a chance to participate in hands-on experiments, chemistry magic shows, music, art, design, interactive science labs, dancing fire, high-tech nursing demos, brewery lab tours, and much, MUCH more! There will also be free t-shirts for the first 100 kids as well as other giveaways, contests, and goodies.

We mailed a package to your school last week with Science Rendezvous posters and tickets. However, I'm attaching a PDF of the poster in case you would like to print more. If you would like us to send you more printed posters and free tickets for your students, please email me directly.

For full event details and registration, visit: www.kpu.ca/sr!
