

Attention: All Students!

With the suspension of all in-class education, we are going to have to make some changes to the original Yearbook layout. In order to ensure we have enough content to complete the Yearbook, we need everyone to help out by sending in photos to nss.yrbk@gmail.com. We are going to need at least 50 photos from each of the categories below. Please ensure that any photos that you submit are appropriate—remember this is a school publication!

What we are looking for:

Student-Life Photos

- Do you have photos of you and your friends from around school? If so, the Yearbook team wants them!
- Examples: selfies, sporting events, band, choir, field trips, in-class photos.

Spartan Pets:

- Do you have a pet at home? If so, we want to include pictures in the yearbook. If you have more than one pet, feel free to send in as many photos as you like.

Filter Photos:

- Do you have any photos with Instagram or Snapchat filters? If not, take one and send them in! Please make sure that the photos are appropriate.

Stay Home Photos:

- As many of you have probably seen on social media, many people are posting photos with the Stay Home logo (see below). Please feel free to share photos of the different things you are doing at home. If you do not have any photos taken, I encourage all of you to take a photo and add the logo and send them in.

Thanks Healthcare Heroes:

- Health Care workers and are on the front line of the COVID-19 pandemic and to show our support, many people have taken to social media to thank them. Photos with the Thanks Health Heroes logo are on everyone's stories and social media. If you have taken or want to take one, please feel free to send these photos in!

I Stay Home For:

- Many people have also taken to social media to post selfies with a message of who they are staying home for. If you have taken or want to take one, please feel free to send these photos in!
- Here is an example:
