## **April 2019 Principal's Message**

With the sunny spring weather upon us it means summer is just around the corner but it is important for students to stay focused on being successful in all their classes and studies to finish off the school year. Students will be having their last regular classes on June 21 and Semester Completion Days June 24 to 27. Semester Completion Days provide the opportunity for teachers to invite struggling learners to the school to finish assignments, projects, tests, etc. to successfully demonstrate their performance in relation to the learning outcomes/learning standards for their courses. The final report card will be available on-line in MyEd Friday June 28.

The first formal report cards for second semester, and second for linear classes, were available on-line for students and parents Wednesday, April 24. The next evening Parent/Teacher interviews were held in the school gyms and student-led conferences for various subjects in teacher classrooms. There was a very large turnout of parents to meet with teachers and discuss student progress in their different classes. Thank you to all the parents who took time out of their busy schedules to engage in the conversations with our staff on your child's learning. These report cards provided students and parents with information on student progress mid-way through the semester, or three quarters of the way through the school year, with time to make improvements. In addition to these reports, teachers provided "I Reports" for students at risk of not having success in a course. "I-Reports" draw attention that a student is not demonstrating minimally acceptable performance in relation to the learning outcomes or standards for a course, identify what the problem is, and specify a plan of action that is intended to help students achieve the learning outcomes or standards. "I Reports" can be produced at any time during the school year. I recommend if parents have any questions or concerns about their child's progress to date, contact the teacher to discuss the matter further. Please phone the school or teachers' emails are available on the school website. The Honour Rolls have been posted from this reporting period for grade 10, 11, and 12 students. Congratulations to these students! (For grade 8 and 9 students an Honour Roll will not be generated as some teacher have chosen to provide descriptive feedback rather than a letter grade at this time).

Summer learning online registration opened in April and courses have been filling up so please register as soon as possible so that you are not disappointed. École Panorama Ridge will be a summer learning site this year making it even easier for our students to attend.

Finally, I want to encourage students to complete all assignments, to ask for help when needed, and for parents to contact teachers if they have any questions or concerns.

Enjoy the sunny weather!

Principal
